BUSINESS AFFAIRS & PHILOSOPHY

Your Company and its management has always been cautious of its brand and corporate image apart from its corporate social responsibility. Even within the limitation of having limited resources and infrastructure available at its disposal, the management of the Company has worked out product basket considering the strength of the Company and market acceptability and is consistently improving upon the same, so as to ensure that the products of the Company command its respect and demand in the market in terms of quality, service, acceptability, competitiveness etc. apart from giving maximum return on investment thereby multiplying the investors fund. After sanction of the revival scheme from the Hon'ble BIFR, the Company has been consistently making its efforts to re-establish its brand and product in the market. With emphasis on quality, competitiveness and service, the Company and its management is confident to itself on the rapid growth path very shortly. The Company has always endeavoured to provide innovative products with quality and the said approach of the management of your Company stands more strengthened by every passing moment.

Your Company, during limited period and under limited resources, has been able to create and capture a sizeable portion of security industry by trading and manufacturing digital video recorders, CCTV Cameras, Digital Call Bell Alarms and other products including accessories thereof. With the growth of crime and awareness in the society, the size of consumer is phenomenally increasing by every passing day in security related products and even the middle class of the Country has become a substantial portion of consumers of this industry. With the increase of spending power and corresponding individual threats, the demand in security related products are multiplying by every passing day as is even evident from the demand of the products of your Company. With the current trend, your Company, with its quality and services, is confident to become a market leader in northern India within a very short span of time and the management is confident to achieving the same at its earliest.

Your Company's performance during the year as compared to the last year is as under:

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2016, based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on "Audit of Internal Financial Controls Over Financial Reporting" issued by the Institute of Chartered Accountants of India.
