

## VIN-NVR-8116-5S

5.0MP, 1HDD, 16Audio HD NVR

### Main Feature:

- Up to 5MP Supported.
- Two high-speed USB2.0 interface
- Upto 6TB SATA Interface HDD\*1
- Backup, mobile monitoring, PTZ control.
- Support, Android, iPhone, Mac.
- H.264 / H.265 Supported
- Camera Supports: 16\*5M(15-fps)/16\*2M

### Feature

### Specification

|                      |                                                                                |
|----------------------|--------------------------------------------------------------------------------|
| Main processor       | HI3536D                                                                        |
| Pentaplex            | Live recording, Playback, Backup Remote access, PTZ control, Mobile monitoring |
| Control mode         | USB mouse, Keyboard, Network                                                   |
| Video compression    | H.264 / H.265                                                                  |
| HDMI Ouput           | 1920*1080 / 1440*900 / 1280 *1024 / 1280*720 / 1024*768                        |
| Video                | 16Ch Network Video input                                                       |
| Audio                | 16Ch Network Audio input                                                       |
| Alarm                | No                                                                             |
| Local playback       | 2*2M/1*5M                                                                      |
| Digital zoom         | Yes                                                                            |
| Protocol             | ONVIF                                                                          |
| Recording Resolution | 5M/1080P                                                                       |
| PTZ                  | Supported                                                                      |
| USB                  | 2 * USB2.0                                                                     |
| Mobile phone         | Support iPhone, Mac and Android Mobile Phone                                   |
| HDD capacity         | Up to 6TB SATA Interface HDD*1                                                 |
| Network interface    | 1*RJ45,100Mbps Ethernet                                                        |
| Upgrade / Backup     | USB Disk & Netwrok                                                             |
| Power supply         | 12V / 2A                                                                       |
| Working environment  | -10°~+55 °/10~90%RH/86~106Kpa                                                  |
